

# ONLINE BRAINSTORMING TOOLS

## ① MURAL

Mural is a virtual workspace that allows users to collaborate visually on one platform. Mural provides templates for different types of collaboration including idea generation, problem solving and project management. Mural also allows for organizing of information into lists, flowcharts, diagrams, etc....

## ② IDEABOARDZ

Ideaboardz is a virtual collaboration tool that enables online brainstorming. Ideaboardz provides templates that enable users to generate ideas and solutions into frameworks such as retrospectives, pros and cons, and other lists.

## ③ POLL EVERYWHERE

Poll Everywhere is a virtual tool that turns trainings, workshops, and meetings into collaborative presentations through an online polling system. There are a wide variety of activity types from multiple choice questions to word clouds (which is how we used the tool). Users can share the results real time and easily embed the activities into pre-existing presentations.
